

**MOULDINGS | STAIR PARTS | BOARDS | EXTERIOR MILLWORK**  
**GREAT LAKES DISTRIBUTION CENTER**

# our STORY

## DEEP ROOTS. HIGH STANDARDS. BRIGHT FUTURE.

Founded in 1946 Empire has grown into one of the largest millwork distribution and manufacturing companies in the United States.

With a geographic footprint that touches the majority of the eastern half of the United States, Empire is positioned for continued expansion.

# our FAMILY

## EMPIRE IS NOW A PART OF THE NOVO FAMILY.

Novo Building Products is the industry leading manufacturer and distributor of mouldings, stair parts, doors, and specialty building products. We are proud to serve building material dealers (lumberyards),

door shops, retail home centers, and millwork manufacturing partners throughout the United States and parts of Canada and Mexico.

**Finger-Jointed Moulding** from our quality suppliers is precision milled using advanced technology in a wide selection of profiles. The advanced manufacturing methods and the woods superior moulding characteristics result in long lengths and very few defects.

- All products should be inspected for manufacturing defects prior to painting or installing.
- Please store horizontally and off the floor, and let acclimate 72 hours prior to installation.
- Install with 15-18ga pin nails with proper air pressure to counter sink fastener 1/16".
- Use light weight spackle and paintable latex caulk when filling and sand with 80-120 grit paper.
- Finish with a good quality latex paint applied following the manufacturer's specifications.

**MDF** from our quality suppliers is light-weight and manufactured using eco-friendly standards. The superior workability of our MDF mouldings offers an ease of cutting, mitering and finishing, making it excellent for any size job. The combination of light-weight substrate, consistent easy to paint surface and long lengths result in superior workmanship and a streamlined final finishing process.

- All products should be inspected for manufacturing defects prior to painting or installing.
- Please store horizontally and off the floor, and let acclimate 72 hours prior to installation.
- Install with 15-18ga pin nails with air pressure set 90-110psi to counter sink fastener 1/16".
- Use light weight spackle and paintable latex caulk when filling and sand with 80 -100 grit paper.
- Finish with a good quality latex paint applied following the manufacturer's specifications.

# Build-Ups

## Combine moulding patterns to create a unique home style.

- Combine crowns, bases, casing, panel moulds, shoe or quarter rounds and more, to create detail, line and pattern.
- Use boards or square stock to build up depth.
- Combine square and eased edges to create richer detail.
- Use moulding with the same style families for a harmonious feel.
- Create completely unique build-ups to fit your own style.
